Town Clerk

Burntwood Town Council is pleased to announce that Graham Hunt has taken up the position of Town Clerk.

Graham has extensive experience of working in local government in southern Staffordshire and is no stranger to Burntwood. He was involved in the Forest of Mercia Project where he helped to secure funding for the Chasewater Innovation Centre. More recently as a Community Partnerships Officer for Staffordshire County Council he supported the County Councillors in their work within the Burntwood community.

Graham says that “he is delighted to be working in Burntwood again and is very excited to be working for the Town Council. Whilst the town faces some challenges it has many opportunities to improve community life. He is particularly keen to ensure that the Town Councillors get the support they need to carry out their plans and to ensure that local people have the opportunity to get fully involved”.

Cllr. Sue Woodward would like to “welcome Graham to this post and looks forward to working together, both staff and Councillors, for the benefit of our town”

She also wanted “to thank John Brown for holding the fort at the Council over recent months.”
