So that the Members of the meeting can be properly briefed in order to enable them to provide considered response to your question, please advise the Town Clerk of the question[s] you wish to ask the Council at least three working days before the meeting. The Chairman of the meeting has the right to reject any representations that he/she considers not to be appropriate for the particular meeting.

The public forum session will usually be the first item on the agenda and normally will last up to 30 minutes. In some instances, it may not be possible at the meeting to provide an answer. Where that is the case a written response will be sent to your stated address and a copy will be made available for public inspection at the Town Council's offices.

With regard to planning applications the Chairman also has the discretion to allow you to speak where you have a legitimate interest in the application. Again, you will need to give 3 working days' notice of your wish to speak. Generally, in respect of both speaking in the public forum and to specific planning applications you will have up to 3 minutes and can raise more than one issue. However, the Chairman has the option to extend the time allowed to you if they think it is appropriate.

While audio and video recordings of this meeting are entirely legal, as a matter of courtesy to Town Council members who work for this town and this Council on a voluntary basis, we would be grateful if you would let the Clerk or the Chairman know beforehand.

2. **Stables Way/Ironstone Road from Rawsley** – it was **AGREED** that no action was required.
3. **Stables Way/A5190** – it was **AGREED** that Zone 1 with an arrow pointing upwards and Zones 2, 3, 4 with an arrow pointing right needed to be added to the sign.
4. **Towards Rugeley Road from Sankey's Corner** – it was **AGREED** that the signage be removed.
5. **Sankey's Corner towards Bridge Cross Road** – it was **AGREED** that no action was required.
6. **Approach to Stables Way/Ironstone Road** – it was **AGREED** that the signage be removed.

10. **From Bypass Station Approach Junction** – it was **AGREED** that no action was required.
11. **Junction with Bypass and Burntwood Road, Norton Canes** – it was **AGREED** that the small sign would be incorporated into the larger sign.

12. **A5 [1st Sign]** – it was **AGREED** that the “New Road Layout Ahead” sign would be removed.

13. **Spar** – it was **AGREED** that the sign for Springhill School needs moving so that it points in the correct direction.

Friends of Burntwood Library

*Heritage Trail
Project Proposal*

*To reignite residents' pride in the
heritage and history of Burntwood.*

ABOUT FRIENDS OF BURNTWOOD LIBRARY

Friends of Burntwood Library was founded in 2015, with an initial focus to increase the footfall at Burntwood Library through coffee mornings and refreshment, which has now evolved to supporting the local community of Burntwood both inside and outside the library - creating a space where the people of Burntwood can feel welcome and connected to their community.

FBL are looking to further bring the community together with this Heritage Trail project. This project will help increase the health and well-being of Burntwood residents, lower the town's carbon footprint by championing more walking, and riding and raising our community's pride in the heritage and history of Burntwood.

THE PROJECT

Burntwood has three historic heritage trails around the villages that are now Burntwood. Over time, some of the plaques these trails follow have fallen into disrepair and, in many cases, are missing. The Heritage Trail books are no longer available and the maps are dated and not user friendly.

This project would bring a modernised Heritage Trail Book, renew and revitalise the signage, replace old signs and add additional signs where needed. Also once complete there is the option to do a virtual trail with QR Codes linking to a website and virtual map.

THE PROPOSAL

We are proposing the following: -

- The creation of a new Heritage Trail Booklet:
 - Producing more accurate and user-friendly maps of the three trails (Chase Terrace & Boney Hay, Chasetown and Edial & Environs)
 - Making the book more interactive for all age ranges.
 - The contracting of a local author and artists to help with the creation of the book.
- Replacing missing plaques if possible and adding others as appropriate with more durable and time friendly perspex signs/plaques rather than metal signs.
- Research creating electronic versions of the book, with QR codes nearby linking to virtual trail/maps.
- Link with local heritage projects and groups, such as Burntwood Heritage Group, Lichfield Waterworks Trust, Chasewater Country Park, Chasewater Railway, and other relevant and interested organisations.

THE BUDGET

The budget for the works will be covered by a provisional grant of £5000 from Burntwood Town Council with FBL covering any shortfall through its own funds and local sponsorships. FBL pledge to use local companies and individuals within Burntwood and the Lichfield District to make this a truly local project, supporting local businesses and talent.

The Budget would go towards:

- Review of current plaques and refurbishment where possible
- Replacement and re-siting of plaques where not accessible
- Replacing of missing plaques, using local signage company
- Meetings engaging with local groups to create that links and gather input
- New plaques on key missed sites
- Creation of new Heritage Trail maps
- Contracting a local author and designers to work on the project to write a new Heritage Trail booklet
- Contracting of local artists and photographers to create artwork/pictures for the books
- Engage with local companies to research the possibility and works for electronic versions of the book and trail
- Publisher and publication cost of a physical Heritage Trail Booklet

All finances relating to the project will have fully open and transparent accounting for BTC to review as well as any progress upon request.

Old heritage trail books, unreadable maps.

Work of the project's prospective local artists and authors.

Possible QR Codes options, utilised by other town councils.

Clear, easy to read maps, pinpointing points along the heritage trail.

THE GOAL

To revitalise and modernise the Heritage Trail and have an engaging and attractive publication available to everyone at a sensible cost and to raise residents pride in the heritage and history of Burntwood.

Support from Burntwood Town Council would help foster pride of place as one of the main supporters of this project and feedback on and promotion of the project would be key.
