### **10.1 Income and Expenditure Account for the Year Ended 31 March 2020**

Members are requested to resolve that the Income and Expenditure Account for the Year Ended 31 March 2020 be approved. **[ENCLOSURE NO. 8]**. Total income, at £427,405, was about £15,000 lower than the previous year and total expenditure, at £390,363, was about £25,000 higher than the previous year. However, income still exceeded expenditure by about £37,000 and the General Fund increased by almost £40,400 to £138,206 (once account was taken of transfers into and out of earmarked reserves). Overall, there was a net transfer out of earmarked reserves of about £3,300, primarily due to £30,000 being put towards OMCC refurbishment costs. Members may also wish to note the more detailed income and expenditure analysis by cost code, which includes a comparison with the budget. **[ENCLOSURE NO.9]**

### **10.2 Balance Sheet as at 31 March 2020**

Members are requested to resolve that the Balance sheet as at 31 March 2020 is approved and that the Chairman be authorised to sign the document. **([ENCLOSURE NO. 10]**. Total assets (General Fund and Earmarked Reserves) were £444,835 at 31 March. ### **10.4 Annual Return: Section 2 – Accounting Statements for the Year Ended 31 March 2020**

Members are requested to resolve that the Annual Return: Section 2 – Accounting Statements for the year ended 31 March 2020 are agreed and that the Chairman be authorised to sign the Statement. **[ENCLOSURE NO. 12]**. Boxes 2 and 3 (Precept plus Total other receipts) and boxes 4 and 6 (Staff costs plus All other payments) equal Total Income and Total Expenditure respectively on the Income and Expenditure Account seen at agenda item 10.1. Similarly, box 7 is the Total Assets on the Balance Sheet at item 10.2. There was a fall in the value of Total fixed assets and long term investments (box 9) due partly to the external auditor’s advice that the Memorial Wall should be included as a community asset without resale value, compared to its previous inclusion at build cost. Also, the Council’s asset register has been significantly updated following the refurbishment works.

7. **CORONAVIRUS CONTINGENCY PLAN UPDATE [Minute No. 74 - 15 April 2020 refers]**

Councillor Woodward moved consideration of the report and explained that it was difficult at the moment for charities and businesses as well as Councils. Councillor D Ennis confirmed that businesses were struggling at the moment and Councillor Birch confirmed that he endorsed the report however clarity was needed regarding “trading at a significantly lower level” and suggested that 50% needed to be looked at and as this was public money the businesses needed to be asked if they were receiving or had applied for any additional support from other sources [i.e. Central Government, Staffordshire County Council, Lichfield District Council].

Councillor D Ennis stated that a threshold needed to be set [50%] and that a means test to ascertain other monies received and monies applied for was needed.

Councillor R Place felt that the Town Council needed to know if any of the businesses received any funding from other sources in the future.

Councillor Bullock explained that the Town Council did not necessarily have to offer a grant however the threshold needed to be investigated fully and asked what the time period [trading] would be.

Councillor D Ennis felt that the process needed to be made as simple as possible and that the businesses would need to produce like for like accounts.

Councillor Woodward suggested that Option 5 - Burntwood Live at Home [charity] needed to be dealt with differently. Councillor D Ennis explained that they were not the same body and different options were needed for businesses and charities.

Councillor Norman explained that rate relief was available for charities and the importance of Burntwood Live at Home needed to be recognised.

Councillor Woodward moved Option 4 and Option 5 with amendments as follows [in italics]:

**Option 4** - Tenants who are trading at a significantly lower level [i.e. *50+% loss of income over the period March – June 2020 as compared to March – June 2019*] are offered a 50% rent reduction and a service charge reduction in respect of fixed costs, *subject to information on other sources of financial assistance applied for and/or received.*

**Option 5** - A separate agreement is reached with Burntwood Live At Home, *as a valued local charity, regarding rent and service charges pending further discussions with the Town Clerk.*

*Both options are subject to the agreement of the Chairs of Committees [i.e. the Leadership Team] and the Leader of the Opposition Group.*

Councillor R Place stated that he was in full agreement with Options 4 and 5 and agreed that in respect of Option 4 a time period for trading would be needed. Councillor D Ennis suggested like for like accounts [profit and loss] for say March 2019 and March 2020; April 2019 and April 2020, May 2019 and May 2020 and June 2019 and June 2020.

It was proposed by Councillor Woodward, seconded by Councillor D Ennis and following a unanimous show of hands it was

**RESOLVED** That **Option 4** - Tenants who are trading at a significantly lower level [i.e. 50+% loss of income over the period March – June 2020 as compared to March – June 2019] are offered a 50% rent reduction and a service charge reduction in respect of fixed costs, *subject to information on other sources of financial assistance applied for and/or received and* **Option 5** - A separate agreement is reached with Burntwood Live At Home, *as a valued local charity, regarding rent and service charges pending further discussions with the Town Clerk. [Both options are subject to the agreement of the Chairs of Committees [i.e. the Leadership Team] and the Leader of the Opposition Group] be approved.*

## **Annual Tree Inspection at Coulter Lane Burial Ground**

### **1.0 Purpose**

1.1 The purpose of this report is update the Town Council on the condition of the trees, many of which are large and mature, that are within the Burial Ground.

### **2.0 Background**

2.1 In October 2008 the Town Council accepted the transfer of the Burial Ground from Lichfield District Council.

2.2 The cemetery was laid out in 1867 together with a small chapel to serve the Burntwood Asylum (later called St Matthews Hospital). The cemetery was consecrated later that same year. The cemetery was extended in 1904 and was still in use up until the 1950's. A total of 3,103 bodies were buried in the cemetery: 1,560 men and 1,543 women. Only a few scattered headstones survive, some of those are inscribed with the dates of burials and the inmates' initials.

2.3 Within the confines of the cemetery, there are also nine war graves and headstones of local servicemen who fought and lost their lives in the First World War. These graves are maintained by the Commonwealth War Graves Commission.

### **3.0 Tree Management**

3.1 There are currently 35 substantial trees on the site in varying stages of maturity. The council has a "...duty to do all that is reasonably practicable to ensure people are not exposed to risk to their health and safety"<sup>1</sup>. The main risk is from falling branches and limbs. To reduce this risk the Council has commissioned detailed tree inspections at regular intervals to identify any trees in need of attention or removal. The last full inspection was in 2018 with the next one is due in 2023. The purpose of the inspection regime is to:

- Identify and control risks
- Comply with relevant legislation and regulatory requirements
- Improve community confidence and trust

3.2 In the interim an annual visual inspection should be carried by the Council. An inspection was not carried out in 2019. The inspection for 2020 is attached as Appendix 1. It shows that the tree population is in good condition with no remedial work required at the moment. There are 6 trees where a further inspection in 6 months' time is required just for precautionary reasons. All trees on site are judged to be low risk.

### **4.0 Finance**

4.1 The annual inspection was undertaken by a member of staff and so involved no additional expenditure. The budget for the current year for the Burial Ground is £3,300. Expenditure last year was £1,050.

## **5.0 Legal Requirements**

5.1 The Town Council is required under the provisions of Section 3 of the Health and Safety at Work act 1974 (revised 2015) to manage the risks of trees in its ownership.

## **6.0 Conclusion**

6.1 The completion of the Annual Inspection ensures that the Town Council is meeting its statutory obligations in respect of the management of the trees at the Coulter Lane Burial Ground. On this occasion no further actions are required apart from a further inspection of 6 trees in 6 months as a precaution.

## **7.0 Recommendation**

7.1 This report is for information purposes only and does not require any decision by the Council.

# **Burntwood Town Council**

## **25<sup>th</sup> June 2020**

### **Document Retention and Disposal Policy**

#### **1.0 Purpose of the Report**

1.1 To agree an update to the current policy that was approved in 2018

#### **2.0 Background**

- 2.1 Council accumulates a vast amount of information and data during its everyday activities. This includes data generated internally as well as information obtained from individuals and external organisations. This information is recorded in various formats.
- 2.2 Records created and maintained by the Council are an important asset and as such measures need to be undertaken to safeguard this information. Properly managed records provide authentic and reliable evidence of the Council's transactions and are necessary to ensure it can demonstrate accountability.
- 2.3 Documents may be retained in either 'hard' paper form or in electronic forms. For the purpose of this policy, 'document' and 'record' refers to both hard copy and electronic records.
- 2.4 It is imperative that documents are retained for an adequate period of time. If documents are destroyed prematurely the Council and individual officers concerned could face prosecution for not complying with legislation and it could cause operational difficulties, reputational damage and difficulty in defending any claim brought against the Council.
- 2.5 In contrast to the above the Council should not retain documents longer than is necessary. Timely disposal should be undertaken to ensure compliance with the General Data Protection Regulations so that personal information is not retained longer than necessary. This will also ensure the most efficient use of limited storage space.

#### **3.0 Scope and Objectives of the Policy**

- 3.1 The aim of this document is to provide a working framework to determine which documents are:
- Retained – and for how long; or

- Disposed of – and if so by what method

3.2 There are some records that do not need to be kept at all or that are routinely destroyed in the course of business. This usually applies to information that is duplicated, unimportant or only of a short-term value. Unimportant records of information include: compliments' slips, catalogues and trade journals, electronic mail messages that are not related to Council business and out of date distribution lists.

3.3 Duplicated and superseded material such as stationery, manuals, drafts, forms, address books and reference copies of annual reports may be destroyed.

3.4 Records should not be destroyed if the information can be used as evidence to prove that something has happened. If destroyed the disposal needs to be disposed of under the General Data Protection Regulations.

### **3.0 Roles and Responsibilities for Document Retention and Disposal**

3.5 Councils are responsible for determining whether to retain or dispose of documents and should undertake a review of documentation at least on an annual basis to ensure that any unnecessary documentation being held is disposed of under the General Data Protection Regulations.

3.6 Councils should ensure that all employees are aware of the retention/disposal schedule.

### **4.0 Document Retention Protocol**

4.1 Councils should have in place an adequate system for documenting their activities. This system should consider the legislative and regulatory environments that apply at the time.

4.2 Records of each activity should be complete and accurate enough to allow employees to undertake appropriate actions in the context of their responsibilities to:

- Facilitate an audit or examination of the business by anyone so authorised.
- Protect the legal and other rights of the Council, its clients and any other persons affected by its actions.
- Verify individual consent to record, manage and record disposal of their personal data.
- Provide authenticity of the records so that the evidence derived from them is shown to be credible and authoritative.

4.3 All records should be arranged in a record-keeping system that will enable quick and easy retrieval of information under the General Data Protection Regulations. Documents that are no longer required for operational purposes but need retaining should be placed at the records office.

4.4 The retention schedules in Appendix A: List of Documents for Retention or Disposal provide guidance on the recommended minimum retention periods for specific classes of documents and records. These schedules have been compiled from recommended

best practice from the Public Records Office, the Records Management Society of Great Britain and in accordance with relevant legislation.

4.5 Whenever there is a possibility of litigation, the records and information that are likely to be affected should not be amended or disposed of until the threat of litigation has been removed.

## **5.0 Document Disposal Protocol**

5.1 Documents should only be disposed of if reviewed in accordance with the following:

- Is retention required to fulfil statutory or other regulatory requirements?
- Is retention required to meet the operational needs of the service?
- Is retention required to evidence events in the case of dispute?
- Is retention required because the document or record is of historic interest or intrinsic value?

5.2 When documents are scheduled for disposal the method of disposal should be appropriate to the nature and sensitivity of the documents concerned. A record of the disposal will need to be kept as required by the General Data Protection Regulations.

5.2 Documents can be disposed of by any of the following methods:

- Non-confidential records: place in waste paper bin for disposal
- Confidential records or records giving personal information: shred documents
- Deletion of computer records
- Transmission of records to an external body such as the County Records Office

5.3 All personal or confidential information should be destroyed at the end of the retention period. Failure to do so could lead to the Council being prosecuted under the General Data Protection Regulations, the Freedom of Information Act or cause reputational damage.

5.4 Where documents are of historical interest they will, where appropriate, be offered to the County Records office.

5.5 Records should be maintained of appropriate disposals. These records should contain the name of the document destroyed, date of destruction and method.

5.6 It is planned to review, update and where appropriate amend this document on a regular basis (at least every three years in accordance with the *Code of Practice on the Management of Records* issued by the Lord Chancellor).

## **6.0 Finance**

6.1 Compliance with statutory requirements in respect of the retention and disposal of information is a core responsibility of the Council and appropriate provision is made within the budget.

## **7.0 Legal Considerations**

7.1 The Town Council is required under the provisions of the Lord Chancellor's Code of Practice as issued under Section 46 of the Freedom of Information Act 2000 to implement a records retention and disposal policy.

## **8.0 Conclusion**

8.1 This report provides an update to the 2018 Document Retention and Disposal Policy. The actions described in paragraph 4 and 5 of this report along with Appendix 1 will enable the Town Council to fulfill its legal obligations.

## **9.0 Recommendation**

9.1 The Town Council is recommended to approve the updated Document Retention and Disposal Policy as set out in this report.

## **Renewal of Subscription for Employment Advice**

### **1.0 Purpose of Report**

1.1 To seek authority to waive the Council's Financial Regulations to renew the contract with Keelys Solicitors to provide advice on employment law issues

### **2.0 Background**

2.1 As the Council only employs a small workforce it does not need its own personnel officer. The Town Clerk can deal with most staffing issues on a day to day basis. However, there are occasions when specialist employment law advice is required. For several years, the Council has employed Keelys Solicitors to provide such advice through an annual subscription. The current subscription is about to expire and needs to be either renewed or another company appointed to provide specialist advice.

2.2 The renewal cost is £1,020 the same as last year.

2.3 Keelys has provided a very good service over the last 12 months.

### **3.0 Financial Considerations**

3.1 Under the provisions of the Council's Financial Regulations three written quotations are required for any expenditure over £1,000. However, section 11.1(d) of the regulations does allow the Council to waive the requirement to seek three quotations in appropriate circumstances. The current operational restrictions imposed by the Covid 19 lockdown will make it very difficult to identify and assess other potential companies that can supply the advice to the level that is required. It is not a service where the Council can afford to take risks.

3.2 Provision has been made in the budget for the subscription renewal.

### **4.0 Legal Context**

4.1 Under the provisions of the Local Government Act 1972, Sch 12, local councils can make standing orders (including financial regulations) to help manage its affairs. The act also provides for councils to be able to vary or modify these orders.

### **5.0 Conclusion**

5.1 The current Covid 19 lockdown will restrict the appointment of new employment advisers. The service provided by Keelys Solicitors over the last 12 months has been exemplarily and the cost of renew has been held at last year price. Under the circumstances it is felt that the renew of the service subscription with Keelys Solicitors for the next 12 months would be in the Council's best interests.

## **6.0 Recommendation**

6.1 The Council is recommended to agree to its Financial Regulations to be waived , as outlined in paragraph 3.1, and the service subscription with Keelys Solicitors to be renewed for a further 12 months

### Replacement Bus Shelter

#### 1.0 Purpose of the Report.

1.1 To seek the views of the Council on the proposed replacement bus shelter sited opposite Aldi on Milestone Way

#### 2.0 Background

2.1 On 31.5.20 the bus shelter was damaged (assumed by a vehicle) and removed from the site. So far, no evidence of the incident has been found. Staffordshire County Council (Highways), Lichfield District Council and the Police have all been contacted but none of them know how the shelter was damaged or where it has been removed to.

2.2 Strangely this incident is an exact replicate of an earlier one on 9<sup>th</sup> September 2017. Where again the shelter was damaged (by a van) and then the broken shelter taken away. The person(s) responsible for the damage and removal of the shelter were never identified.

2.3 An insurance claim has been submitted to Zurich Municipal in respect of the latest incident.

#### 3.0 Replacement Options.

3.1 The Council has several options:

- i) It can replace the shelter with the same type of shelter made from metal and with polycarbonate windows (see appendix 1) at a cost of £3, 834
- ii) It can replace the shelter with one made from timber (see appendix 2) at a cost of £5, 495
- iii) Finally, the Council can choose not to replace the shelter.

3.2 It is quite a coincidence that the shelter is damaged and removed in the same way twice. It is possible that the shelter was damaged so that the metal could be taken. The possibility remains that a metal replacement shelter could be equally at risk. A timber shelter also is at risk of damage. A previous timber shelter on the site experienced some vandalism. However, it may not be targeted in the way that the metal shelters may have been. A timber shelter would match many of the other shelters in the area.

3.3 The Council also has the option of not replacing the shelter. Such a decision could be seen as contrary to the Council's ambitions to improve bus services in town. It is a well-used by school children and people travelling to work so a decision not to replace it might not be popular with the public.

#### 4.0 Legal Context

4.1 A local council has the power to provide and maintain bus shelters under the provisions of the Local Government (Miscellaneous Provisions) Act 1953.

## **5.0 Financial Considerations**

5.1 The cost of the replacement metal shelter will be met from the insurance claim minus the policy excess. The extra cost of a timber shelter would have to be met from the reserve.

## **6.0 Conclusion**

6.1 There is a possible risk that in replacing the shelter with a metal one that it will be targeted again. It is the cheapest option. In contrast the more expensive timber option is more aesthetically pleasing and although it has less risk of theft it has a higher risk of minor vandalism. The decision not to replace the shelter is not thought to be consistent with the Council's ambitions in respect of civic amenity and sustainable transport.

## **7.0 Recommendation**

7.1 The guidance of the Council is sought regarding how it wishes to replace or otherwise the lost bus shelter.

### Council Meetings

#### 1.0 Purpose of Report

1.1 To seek the agreement of the Council on the dates for its meetings for the next three months.

#### 2.0 Background

2.1 In response to the Corvid 19 Emergency the Council opted from April to move to virtual meetings. The April and May Council meetings were hosted on the Zoom platform. It also decided to streamline its calendar of meetings and limit its meetings to one Council meeting per month.

2.2 This modified calendar has worked well. Due to the reduced workload concerning policy matters and new initiatives there has been adequate space on the meeting agendas to ensure that those issues that needed to be discussed by councillors could be done so in a timely manner. With exception of one councillor all councillors have access to the Zoom platform. Attendance by councillors at both meetings has been very good. The public and press have also been in attendance.

#### 3.0 Next three months

3.1 It is unlikely there will be a significant increase over the next three months in the issues that will need a decision by the Council. Particularly as the Burntwood Wakes Festival and the Play in the Parks Programme have been cancelled. It is therefore proposed that the Council continues to meet on a virtual monthly basis with these arrangements reviewed at the September Council meeting.

3.2 The Council meetings for July (29<sup>th</sup>) and September (24<sup>th</sup>) have already been agreed. It is however recommended that an additional Council Meeting is held on 20<sup>th</sup> August. Normally meetings are not held in August because many people are on holiday. Under the current circumstances it is felt that an August meeting is meeting so that councilors have an opportunity to raise any concerns regarding the current emergency.

3.3 At the moment there is not sufficient business to require any committees to be re-introduced.

#### 4.0 Legal Context

4.1 Under the provisions of the Local Government Act 1972 local councils are required to hold an annual meeting plus to meet on a minimum of three other occasions during the year. There is no legal requirement for the Council to hold committee meetings.

4.2 More recently the Local Authorities and Police and Crime Panels (Coronavirus) (Flexibility of Local Authority and Police and Crime Panel Meetings) (England and Wales) Regulations 2020 has given local councils the opportunity to hold virtual meetings and enable the public and press to attend virtual meetings.

## **5.0 Financial Considerations**

5.1 The proposed meeting arrangements for the next three months will not require any additional expenditure.

## **6.0 Conclusion**

6.1 As it is very unlikely that there will be a significant increase in the workload for the Council a continuation of the current arrangement of monthly virtual Council meetings until September is believed to be adequate. The inclusion of a meeting in August would ensure that councillors continue to have a regular opportunity to discuss issues relating to the current emergency.

## **7.0 Recommendation**

7.1 The Council is recommended to approve:

- i) the current restriction to the meetings calendar for 2020/21 to monthly virtual Council Meetings for the next three months
- ii) the introduction of an additional Council Meeting on 20<sup>th</sup> August 2020

On the basis of the findings in the areas examined, the internal audit conclusions are summarised in this table. Set out below are the objectives of internal control and alongside are the internal audit conclusions on whether, in all significant respects, the control objectives were being achieved throughout the financial year to a standard adequate to meet the needs of this authority.

| 8.
